EDUCATION

Amrita Vishwa Vidyapeetham, Amritapuri

Bachelor of Technology in Computer Science and Engineering

Kollam, Kerala

(Expected) May 2024

Akshara International School

Higher Secondary, CBSE - Percentage:94.2 %

Pune, Maharashtra

March 2020

Wisdom World School

Secondary, ICSE - Percentage:96.4 %

Pune, Maharashtra

March 2018

PROJECTS

To-Do App | *HTML, CSS, Django*

- Developed a full-stack web application using Django with HTML/CSS as the frontend
- The user can create a to-do list with tasks under each to-do
- After each task is done, the user can strikethrough the completed task

Command Line Email | *Python*

- Developed a Python program that automatically sends emails to the desired person
- All the user has to do is to enter the recipient's email ID and the text of the email
- This program uses Selenium to achieve this

Prettified Stopwatch | *Python*

- Developed a Python program that acts as a stopwatch using the time module
- To set a lap time, the user has to press enter
- To quit, the user has to press Ctrl+C

Blog | *Django*

- Developed a blog site using Django
- The user enters a title and blog text which is created into a blog post
